Place	Date	Hour	Summary of Events and Information	Remarks, reference to Appendices and initials
Middleton-on-Sea	1 Feb 43		The weather frequent hail or rain showers followed by fair periods. 'A' Coy trained in Gas, T.O.E.T. and weapon trg, Semaphore signalling, R/T procedure and nine mile route march. 'B' Coy in Battle Drill and Fieldcraft and P.T. 'C' Coy in the field on coy exercises. 'D' Coy had Battle Drill and Fieldcraft, loading and unloading of vehicles and attended a two lectures on "The British Way and Purpose" given by H/Major G.D. Johnston. Sp Coy specialist training for carrier, pioneer Pls with Mortar Pl at Burpham for mortar school. Coy also practiced loading and unloading of vehicles. Seventy three Americans leave Essex Scot to transfer to American Army. Cinema held at Phoenix Club at 1830 hrs.	JAR
	2 Feb 43		The weather frequent showers with S.W. to West wind. Visibility good except in showers. 'A' Coy - Coy exercise on attack. 'B' Coy - 1 Pl on Island Exercise. Remainder of coy less duty pl in Battle Drill and Fieldcraft. 'C' Coy trained in semaphore signalling, T.O.E.T., Battle Drill and Fieldcraft and attended two lectures given by H/Major G.D. Johnston, on British Way and Purpose. 'D' Coy had Battle Drill and Fieldcraft and P.T. Sp Coy trained in own pl weapons, T.O.E.T. and Semaphore signalling. Dance at the Y.M.C.A. Canteen at 2000 hrs and Bingo at Victory Canteen at 1930 hrs.	JAR
	3 Feb 43		The weather, fair to fine, winds westerly moderate. Visibility moderate to good. 'A' Coy on coy 'Island' exercise. 'B' Coy on coy exercise on Defence and withdrawal. 'C' Coy trained in Battle Drill and Fieldcraft, film "Next of Kin" at 0930 hrs at Theatre Royal, Bognor Regis. 'D' Coy Battle Drill and Fieldcraft, T.O.E.T., Semaphore signalling and film Next of Kin. Sp Coy covered Gas, Specialist training, film Next of Kin. Bingo and Quizz at the Y.M.C.A. and R.C.O.C. Canteen at 1930 hrs.	JAR
	4 Feb 43		The weather fair to fine with light West to North West winds, visibility good. 'A' Coy 'Island' exercise. 'B' Coy trained in route march of nine miles, Battle Drill and fieldcraft. 'C' Coy on route march of nine miles, Battle Drill and Fieldcraft, Loading and unloading of vehicles and lecture for all Officers at En.H.Q. Officers' Mess at 2015 hrs. 'D' Coy route marches, Gas and Battle Drill and Fieldcraft training. Sp Coy had route march and specialist training. Cinema at Phoenix Club at 1830 hrs.	JAR
	5 Feb 43		The weather, slight local rain, visibility poor, wind south westerly light to moderate. 'A' Coy trained in coy exercise on Defence and withdrawal. 'B' Coy Battle Drill and fieldcraft, lectures on the British Way and Purpose, T.O.E.T. and	JAR

Place	Date	Hour	Summary of Events and Information	Remarks, references to Appendices and initials
Middleton-on-Sea	5 Feb	43	loading and unloading vehicles. 'C' Coy Battle Drill and Fieldcraft as well as P.T. SP Coy trained in own pl weapons and P.T. 'D' Coy was absorbed by the other three three rifle coys and Sp Coy with personnel being distributed amongst the companies according to needs. In place of 'D' Coy we now have a 'H.Q.' Coy formed with the splitting up of Bn.H.Q. All inter-company postings were effective this date. Seventy-one all ranks were effected in the forming of H.Q. Coy from Bn.H.Q. personnel. Six other ranks were taken on strength from No. 1 C.S.R.U. and posted to H.Q. Coy. The C.O. left at 1130 hrs proceeding to Crawley to view a parcel of equipment and weapons. At the conclusion of this he went to C.M.H.Q. to attend O.C.T.U. Selection Board. Enemy planes bombed "Felpham and Bognor Regis" at 1405 hrs this afternoon. The raid was short but the effects will be felt for some time. Buildings were badly damaged and windows in most stores in Bognor were broken. These hit and run raids are getting to be a common occurrence these days but are more of a nuisance than anything else.	SPK
	6 Feb	43	The weather was very unsettled with occasional showers. 'A', 'B', 'C', and 'Sp' coys trained for one period on close order drill. This was followed by Coy Comds inspection of all ranks. A general clean up of weapons and the kit was carried out. Former 'D' Coy personnel are getting straightened away in their new coys. Bognor is placed out of bounds to troops temporarily due to bombing raid early Friday afternoon so it looks like a dull week-end for all concerned. Bn is warned of three exercises coming in the near future. 'Long Siberia Range', 'Punch' and 'Elm'. A fourth exercise "Waldorf" will be for Q.M. only. It looks like a long time indeed. The O.C. and Adjt had been invited to a party at the R. Regt. C. in Littlehampton. In absence of Col. Mothersill, Major Kennedy and Capt. Lund attended. They had a very nice time thanks to the Royals kind hospitality.	SPK
	7 Feb	43	Weather was rather cold this morning as the Protestant Church Parade moved off to the shirl of the pipes. All coys were in attendance. R.C.'s heard mass at Middleton Church Hall. At the Protestant parade H/Major Johnston gave a forceful and impressive sermon. It is too bad that we shall be losing him to the 5 Div where he becomes Sr. Chaplain. In spite of the regret of officers and other ranks on losing him our congratulations on his appointment go with him.	SPK

Middleton-On-Sea	8 Feb	43	Weather was miserable! More rain and sky was very overcast. 'A', 'B', 'C' Coys carried out a nine mile route march dressed in full marching order. Experiments with regard to loading of coy stores and equipment on vehicles were tried out. Battle Drill and Fieldcraft finished off the day's trg. 'HQ' Coy carried out a forced route march completing four miles in 40 mins. Practice loading of stores and of equipment was carried out. All ranks participated in P.T. At 1930 hrs a lecture was held in Bn.H.Q. officers' mess for all available bn. offrs, Capt. Deensmuir the 2 Cdn Div Claims offr gave instructions on Road Accident Reports and Claims in general. It was a very worth while lecture and enlightened something that usually very little is known about.	SPK
	9 Feb	43	At daybreak there was a gale blowing which lasted throughout the day but diminished in velocity as the day went on. 'A' Coy is Duty Coy for the bn for the week. 'B' Coy carried on T.O.E.T. during the morning and a guided nine mile route march during the afternoon. 'C' Coy carried out with T.O.E.T., Gas trg and P.T. Semaphore signalling and aircraft recognition completed the day's trg. 'HQ' Coy was occupied with their special duties. Sp Coy had a nine mile route march in the morning and carried out practice loading and unloading of vehicles during the afternoon. Col. Mothersill returned from C.M.H.Q. where he had observed the selection of candidates for O.C.T.U. He felt that the calibre of men being recommended was not as high as before. Officer material has become limited.	SPK
	10 Feb	43	During the morning the weather was fine and clear by noon it had started to rain again. "B" Coy had an exercise in Defence and Withdrawal while "C" Coy carried out a river crossing. 'H.Q' Coy carried out their special duties while 'Sp' Coy had T.O.E.T's and an inspection of all weapons and vehicles. The 'I' Section of Bn.H.Q. carried out a three day scheme which afforded practice of 'I' work in the field. The Medical Section carried out two days of special trg in the field. A lecture was held for all offrs at Chanee's. Captains Reade and Lund, Lieut Cohen, Adm Offr, Adjt and Q.M. respectively attended an Adm Conference at Bde to discuss 2 Cdn Div Battle Drill Instruction	SPK

Place	Date	Hour	Summary of Events and Information	Remarks, references to Appendices and initials
Middleton -on- Sea	11 Feb 43		Weather was cloudy with occasional rain drizzling. 'B' Coy practiced river crossing with assault boats and ^{improved} methods. 'C' Coy held an exercise in defence and withdrawal. 'H.Q.' Coy had a short route march in the morning and M.T. move of 15 miles on the afternoon. Medical Section returned from their exercise late in the afternoon. A meeting was held at 'Chenies' to discuss 'Serious Business'. The coming programme of several trg schemes, security and discipline and the shoot at LONG SIBERIA were discussed. All were warned they would have to be prepared to go on operational basis at anytime they were warned and the unit had to be ready to move.	
	12 Feb 43		Clouds and rain again to-day! Weather has been very bad lately. 'B', 'A', & 'C' Coys prepared for their task of going to the ranges on Saturday morning. Loading and unloading of Coy and pl stores was practiced during the afternoon. 'A' Coy completed their tour of Bn Duty Coy and turned over to Sp Coy who were to take the duties while other coys went to range. Q.M. Stores went on Exercise WALDORF and worked on th suggested Adm layout for the Div. 'I' Sec returned from their three day exercise at noon. Lights out was at 0830 hrs for all coys due to their early rise in the morning to proceed to the ranges.	
	13 Feb 43.		At last a change of weather. The day was very fine and mild with a slight breeze blowing from the west. Reveille at 0215 hrs for 'A', 'B' & 'C' Coys. A good substantial breakfast was served to troops who would have haversack lunches for dinner and supper. They then proceeded to Bognor Regis station by march route and boarded trains for the ranges. Each man had practiced fire of twenty rounds on the rifle, one mag on the Bren M.G. Approx 400 men fired on the range though the range and organization was very good. The O.C. and 2 l/c were in attendance and were well pleased with the shoot. Lieut. J.S. MacLellan, Musketry Officer was in charge of the range and everything ran very smoothly under his able direction. At the conclusion of the shoot a very tired bunch of men boarded the train for home. It had been a very long day and everyone was anxious to get back to billet and sleep. The "n. marched back from Bognor Regis station and arrived back in billet at approx 1830 hrs.

Everybody relaxing after a hard days days' work at the range. Cleaning up weapons and checking of all parts arrived, carried out. Y.M.C.A. Canteen opens at 1430 hrs. A musical programme with Miss Marshall at the piano was held.</p>	
	15 Feb 43.		<p>Weather was cloudy with drizzling rain lasting throughout the day. Much cooler. 'A' Coy had a four mile route march, gas trg, weapon trg, semaphore & signalling. P.T. was done by all ranks consisting of 15 mins of exercise followed by 30 min cross country run. 'B' Coy was able to be duty coy to-day, but all available personnel carried out training the same for 'A' Coy. 'C' Coy followed the same syllabus as did 'A' Coy. 'H.Q.' had a nine mile route march followed by 45 mins of P.T. "Sp" Coy trained the same as 'A', 'B' & 'C' Coys. Once again all ranks were warned to be careful ^{covert} while walking on public highways. (vide Part I Order No.15 dated 15 Feb 43. Havill as O.C. rear party. The R.H.L.I. took over the defense of this area. By 1330 hrs the head of the column had past the S.P. at junc of Middleton and Yapton roads (409198 fef sheet 133 1" to 1 mile). The bn. moved by march route to res bn area (vide Movement Order Exercise 'Punch' d/15 Feb 43) The route was over rather hilly country and at times it became very strenuous for the marching troops. For the first time on an exercise we were without the A.A. pl. for protection against hostile aircraft. This was supplied by bren guns mounted on bicycles which moved along the column stopping at intervals and taking up A.A. defense positions. Each coy had two guns mounted in such a manner and the idea seemed to work quite well. The bn. reached the D.P. (478239) at 1730 hrs. Everyone seemed more hungry than tired after the march and a few suffered from blistered feet. Coys dispersed to their areas and took up defensive positions. A hot meal was</p>

Middleton -on-Sea	17 Feb	43	<p>served at 1930 hrs after which all ranks except those on duty bedded down under the stars for the night. 'O' Gp was held at 2130 hrs and Coy Comds received orders after which they returned to their respective coys to relay orders to pl comd. Patrols of one sec per coy were active during the night.</p> <p>Reveille at 0445 hrs and the second day of exercise 'Punch' had started. Everybody shivering with cold and dampness after a night on the 'terra ferma'. Breakfast was served at 0515 hrs and equipment was loaded back on trucks prior to move off for attack. First coy crossed S.P. at 0630 hrs and bn moved by march route in the same order as day previous. By 0730 hrs carriers had contacted enemy at bridge 461312) and the real battle had started. The advance was slowed up considerably by continuous enemy activities. Umpires had several headaches trying to determine those put out of action etc. The advance was made by bounds, that is the carriers which were forward would go ahead for several hundred yards take up a position and wait till the coys reached their position, then go on ahead for several hundred yards more and take up another position. By this means we advanced to Bignor Hill (418327) when enemy fire held the bn advance up temporarily. The time was now 1300 hrs. Lack of information being relayed caused quite a mix up on the exercise. It seemed that everyone was fighting the enemy on his own and not as a bn. or on unit. However, we must not overlook the fact that this was the first exercise the bn as a whole had been on since Dieppe. It takes time for new men to understand all things necessary to make these exercises a success. Thus it was that after a couple of unsuccessful attempts to capture the objective Farm Hill (395340) the final attack was postponed till the following day. The bn once again bedded down for the night on the downs after a good hot supper had been served. Patrols and guards were posted and the remainder settled down for a well earned rest.</p>	<p>SR</p>
	18 Feb	43	<p>Another early reveille and a quick light breakfast before we pushed off to capture the final objective at first light, Farm Hill. At 0810 hrs the G.O. reported a successful attack and consolidation. We had attained our final objective and then received orders to withdraw. It was during the withdrawal that the order to cease fire came at 1100 hrs. The bn then returned to the assembly area (M.R.424310) ref sheet 133, 1in to 1 mi. Hot tea was served at 1130 hrs with the haversack lunch. The bn then set out for return to billet. By 1800 hrs everyone was back in billets.</p>	<p>SR</p>

Middleton -on- Sea			<p>again and ready for a good wash and clean up. In this exercise we ^{did not have} had the lucky breaks in regard to bivouacks and washing up accommodations. Consequently everyone needed plenty of soap and water on return. But first of all trucks had to be unloaded and equipment stored away. Officers had to be ^{put} back into shape to continue their routine work. This packing and unpacking is the big headache on all these exercises. It is amazing that when we finally push off we have managed to take everything we need, with us. The main lesson learned from the exercise was that inter-communication and passing of messages are most necessary in the factor of enabling us to ^{take} stand as a formidable force. This was brought out very well during the exercise. Trgs found that there new 38 sets did not stand the pace at all. Apparently the batteries have not a very long life for they were running low continually and they would not hold their frequency. It is too bad they are not more servicable because there is no set quite so easy to operate and anyone can operate it after very little instruction.</p>	SR
	19 Feb	43.	<p>Weather was very mild with plenty of sunshine and very little wind. 'A', 'B' & 'C' Coys went on a nine mile route march with full marching order. This was followed by Gas Trg. The trg consisted of respirator drill, personal decontamination and decontamination of weapons. P.T. with 15 mins of exercises and a 30 min Cross Country run helped to get leg and shoulder muscles into shape. Weapon trg and semaphore signalling completed a very busy day for all coys. 'H.Q.' Coy and Bn.H.Q. carried out gas trg and P.T. as for other coys. Recce parties consisting of 2 i/c Coy, C.S.M., Q.M. and guides left for recce of area for Exercise "ELM", at 1330 hrs. The purpose of recce was to determine the best route and to make the dispositions of coys. These were found and established.</p>	SR
	20 Feb	43.	<p>Weather was still very mild but the sun has once again disappeared. Moderate wind blowing from the south west. 'A', 'B', 'C', 'H.Q.' and Sp Coys had one period of close order drill with an inspection by Coy Comds, of arms and equipment. Maintenance of weapons and check of all kit was carried out. Middleton -on- Sea	21 Feb 43.		<p>on Exercise 'ELM'. R.Q. Stores had a busy time getting all equipment into shape for the move. These Exercises have given the Bn plenty of practice in loading stores and when we finally receive word that we are going into operations this Bn will certainly be ready in short order. Word was received to-day that all regimental accounts were to be closed as of 0001 hrs, 22 Feb 43. More work. Bn vehicles are to-day sporting a brand new number 57 which has replaced the old 55. It seems a little strange at that; we are now 57 and not 55 as we have been in the past. This is something that should have been changed long ago but no one gave it a thought. As junior Bn of the Bde. this (57) should have been our number. One man is quite proud of himself to-day and he is the dental officer. He is now the proud possessor of a Dental Truck and quite an elaborate affair it is too.</p> <p>Plenty of excitement this morning as last minute packing is completed. Bn is proceeding to assembly area in two separate blocks. The transport coln crossed the S.P. Middleton & Yapton roads (M.R.409190) at 0843 hrs. Transport to area due to scarcity of petrol was practically nil as the marching troops were this time really marching. The troops crossed the S.P. at 0904 hrs. By 1515 hrs transport coln had established H.Q. at M.R.511397 ref map sheet, 1 in to 1 mi. Marching coln reached the assembly area at 1600 hrs. Everyone was in good shape although a little tired. Supper was served at 1730 hrs. Bn.H.Q. had secured a good billet for the night in the old castle thanks to the recce party of the day. At 2000 hrs a 'O' Gp conference was held at B.H.Q. Middleton -on- Sea	23 Feb 43.		<p>The day was mild and clear with very little wind blowing. Everyone had a good nights' rest and were ready for whatever came along the next day. The bn was in a reserve position and naturally had very little to do. Messages came pouring through-out the day. At 0100 hrs an 'O' Gp meeting was held at Bde with the C.O., I.O. and 2 i/c attending. Orders were issued for the attack which was to take place to-day. Reveille was at 0530 hrs. 'O' Gp conference was held at 0600 hrs and Coy Comds had their orders issued to them, on the days' plan. Trucks were packed and the bn was ready to move off at 0700 hrs. The bn moved to a new concentration area by march route with 'A' Coy in the lead. Shortly after patching the new area the cease fire was given and the forward bns had reached their objective, and the war was over. The Essex Scot had not made contact with the enemy during the exercise but while they were in reserve they were r ady for an active job at all times. Shortly after the 'Cease Fire' the bn made its way back to the concentration area they had left earlier that same morning. Tea was served with the haversack lunches after which the bn mov-ed off for Middleton and billets. Transport moved as a serparate block from the m arching troops and arrived at 1400 hrs. Trucks were unloaded and then returned to pick up the marching personnel. By 1800 hrs all were back in billet area. The West Nova Scotia Reg't was relieved of all duties and by sundown all duties, guards, pickets and patrols etc were being carried out by our own bn again. It had been a pretty tough three days, there was approx 60 miles of marching done by the men. Everyone was pretty tired and the warm billets and a paliasses did a man's heart good.</p>	
	24 Feb 43.		<p>Weather to-day was excellant with a warm mid-summer sun beating down and a soft breeze blowing off the channel. All coys were having a busy day cleaning up their equipment and straightening things around in general. 'B' B Coy was Bn duty coy. R.C.A.F. personnel who been attached to bn for ten days returned to their stations. Three officers and five sergeants had spent the last two days learning a little of life and way in the army. All of them thoroughly enjoyed their experiences and some even had a desire to transfer th the army, in particularly the Essex Scottish Regiment. They had been on both exercise 'PUNCH & ELM' and had roughed it with our boys and enjoyed it. Already the bn is being prepared for exercise 'SPARTON' which is to take place very shortly. These exercises certainly take a lot of preparation and keep our Adj't. and I.O. hopping continually.</p>

Place	Date	Hour	Summary of Events and Information	Remarks, references to Appendices and initials
Middleton -on- Sea	25 Feb 43		<p>Another bright day and it looks as though spring is giving us a preview of whats to come. To-day is Adm Day throughout the bn. All coys carried out a check of 1098 equipment and had it marked according to the platoon allotment. During the afternoon a kit inspection was held by the Q.M. of each coy. Each man was issued with Part III of his paybook. In this book all equipment on issue to the man is noted and sizes of clothing, boots, hats etc is marked down. It should prove a handy reference book for Q.M. and will enable the man to see clearly what he has on charge to him at all times. More bumph on Exercise 'SPARTAN' keeps Adm and I?O? busy. As yet no details have been given out on this exercise to the other ranks. It was reported to-night to this HQ that an 'E' Boat had been sighted off Brackelson Bay on the night of 24 Feb 43 and all coys were warned to keep a sharp look-out for any suspicious vessels. A dance was held at the W.V.S. canteen at 2000 hrs and though marching has taken up a good deal of time these past few weeks everyone seemed quite able to 'trip the light fantastic'.</p>	
	26 Feb 43.		<p>Weather still fine and plenty of sunshine. Kit and equipment inspections were again the order of a day for all the coys. During the afternoon all coys had a muster parade followed by a lecture on Security given by the I.O., Lieut, J.A. Rands and assistant security of the bn. At this particular time special stress is being placed on security, by all ranks. For exercise 'SPARTAN' security must be airtight, and this can not be so without the full cooperat on of all ranks. To-day representatives of several bns can be seen around the unit as 2 C.I.R.U. has moved in to take over defence of area while our bn leaves for exercise 'SPARTAN'. Men are acquainting themselves with the area and defence posts which they will man as soon as the bn leaves. Bumph still piles up on Exercise 'SPARTAN' but in general it is still a dark secret.</p>	
	27 Feb 43.		<p>Weather was rather chilly this morning. A highlight was the sharp frost that covered the ground, but the sun was still shining and by mid-afternoon it had warmed considerably. All billets were thoroughly cleaned out and inspected by Coy Comds before being turned over to 2 C.I.R.U. By mid-afternoon all was in readiness for the move. Supper was served at 1700 hrs and at 1800 hrs all billet were turned over to the relieving troops. Recce parties consisting of Coy Comds, C.S.Ms. & guides left for concentration area. (M.R.3043, ref sheet 133 1 in to 1 mi) at 1800 hrs, bn moved off at 1930 hrs. Troop carriers once again joined the unit and gave all a chance to rest their feet. The first move on Exercise 'SPARTAN' was by M.T. and not a few prayers of thanks were overheard. At 2359 hrs the convoy was still rolling along the route to the concentration area.</p>	<p>SRK</p> <p>SRK</p>

Instructions regarding preparation of War Diaries (which will be kept from first day of mobilization, creation or embodiment), are contained in F.S. Regs. Vol. 1

Title pages will be prepared.

Appendices
