

# WAR DIARY - 18TH BATTALION CEF

May 1915 – March 1919

## ABSTRACT

A transcription of the War Diary of the 18th Battalion reproduced by transcribing the images available at the Library and Archives Canada. An attempt to faithfully reproduce the war diary as a legible source about this Battalion's service in the Great War.

Transcription by Eric  
Edwards

## **DEDICATION**

**To all the men of the 18<sup>th</sup> Battalion, CEF. To those that were brave. To those few that were cowards. To all the men in recognition of their sacrifice and pain but also to the bonds of comradeship that are formed and forged by a shared and mutual danger. Some men served but days and were killed and wounded. Some served the entire war with the Battalion at its inception in 1914 until it was disbanded in May 1919. All the men that touched the Battalion made it a living, breathing instrument of war for the Empire. But these men's lives would be measured much more than their martial efforts. These lives would live on, many men scarred by war but still valuable members of the soon to change and be shaped Canada of the later part of the 20<sup>th</sup> Century. Some of the men would die from their physical and mental war wounds as the ink on the document that shaped the conditions for the next war – the Armistice – dried. Some died later.**

**This transcription is for the Grandfather I never knew. Private William Robb Dewar, reg. no. 53902, or Willy as his comrades called him, served with the 18<sup>th</sup> Battalion, and died in 1940, in part, due to his war wounds.**

**Through this diary I was able to make a closer connection to him and the men with which he served with.**

**It is hoped that this transcription helps others understand the experiences of the Battalion, and hence that of the men who served with it.**

**For:**

**My Daughter and Son**

**To Annika for being the impetus of this project and for your support and love. Thank you so much for asking the question "What should I talk about?" regarding that Remembrance Day speech over a decade ago.**

**To Cameron for your solid support of your Father and his obsession. Always curious about the goings on of the work at my blog and always a willing ear to the discoveries uncovered.**

**Thank you both.**

## Introduction

The intent of this transcription is to represent the War Diary of the 18<sup>th</sup> Battalion as accurately and faithfully as possible. The diary was kept by the Battalion upon its arrival in England in late April 1915 and ended when the unit arrived back in England March 1919 after its occupation duties in Germany.

Obviously, transcribing a war diary which was partially hand-written and typed, then scanned into a JPEG format from microfiche lends to difficulties depending on the quality of the images available and even the legibility of the diarists' handwriting. The transcription, as this version of the document stands, includes the main pages of the war diary. It does not include transcriptions or images of the appendices currently. The time and effort in transcribing the main portion of the diary took some time and as this is currently a one-person project, time and resources are limited.<sup>1</sup>

By necessity, the formatting of this version compared to the images available at the Library and Archives Canada site are different.

The above page is representative of the war diary after 1916. The transcribed version looks like this:

As illustrated, there are differences in page width. The transcription was done in portrait format, while the war diary form used by the Canadian Expeditionary Forces was in landscape format. The font size is different and there are hyperlinks for place names, soldiers mentioned in diary and other references. The hyperlinks are intended to enhance the experience of the reader and allow them to view information related to the blog to increase their knowledge of the people, places and events that affected the Battalion.

Where possible, the transcription is verbatim, with notes such as [sic] or footnotes to attempt clarification. Spelling is replicated, even if in error, and where the text is illegible research was done to cross-reference the word to find the most likely word meaning, place, or person. The transcription was done one-month at a time in draft form and then reviewed by the transcriber to edit for errors in transcription to finalize the transcription as completed for that month. Such errors still exist, and your forbearance and understanding are appreciated.<sup>3</sup> In addition, there may be hyperlinks that are invalid as they were inserted up to several years ago and the referenced web resource may no longer exist or has been moved. An effort was made to maintain consistent formatting throughout the transcription, where possible, and within the confines of the word processing program used to transcribe the War Diary.

Some minor changes were made. For example, the War Diarist often used the letter "Do" to indicate ditto. As ditto is a current common usage and the short-form conveys no real or specific information that has been covered in a prior diary entry the short-form has been substituted for clarity.

In addition, footnotes are incorporated to help a reader gain knowledge and insight with subjects, objects, places, and other information in the war diaries.

### EXCLUSIONS

Every attempt has been made to render the war diary transcription as accurately as possible. There are exclusions in the transcription. These exclusions are conscious decisions by the transcriber.

1. Appendices: These have not been included in this version in any manner. There are no images or transcriptions of these documents as they do offer insight into the experiences of the members of the battalion, the sheer number and volume of operational orders and other documents would render the completion of the main body of the transcriptions with the resources at hand difficult. A decision was made to not include transcriptions though a version of these transcriptions may eventually include images of these documents.

### EXCEPTIONS

There are some transcriptions that include supplementary documentation at the end of the month. These are rare and are included as they offer additional context to that month's entry.

### ERRORS and OMISSIONS

Please reach out to ebd.edwards [at] gmail.com with recommendations regarding any errors and omissions. Please include the date of the entry and the context of the error or omission. It is ESSENTIAL to include any corroborating information regarding the claimed error or omission.

<sup>9</sup> The number of men admitted to hospital is higher than average and may have been indicative that the Battalion knew it was going to be out of the line for an extended period and therefore, the men were encouraged to avail themselves of any medical attention they needed.

<sup>10</sup> This sentence indicates the relative maturity of the Canadian Corp and its evolving skill sets in regards to using specialist in bombing, scouting, machine guns (Lewis Guns) and the other skills necessary to fight effectively.

<sup>11</sup> Full Marching Order would indicate that the Battalion was outfitted with its full equipment to move from location to the other, including back packs. This would not necessarily be the equipment allocated and worn for offensive operations.

	8		Battalion training. Morning 8.30 am Battalion in attack. Afternoon Section Drill. 3 o.r. admitted to hospital. 1 o.r. returned from hospital.
	9		Battalion training. Morning by Specialists in Bombing, Machine Guns, Scouting and reconnaissance, and Communications. 3 o.r.s wounded accidentally by premature explosion of a Grenade.

	26		Battalion in Brigade support, nothing unusual to report. 2 o.r.s admitted to hospital.

<sup>14</sup> This entry is an interesting aside and may indicate frustration in the maintenance of the line by the proceeding unit though the War Diary does not indicate what troops held these trenches before the 4<sup>th</sup> Brigade took them over. It appears that the 5<sup>th</sup> Canadian Brigade was the unit relieved by the 4<sup>th</sup> Canadian Infantry Brigade.

<sup>15</sup> This would be Privates Beaver, reg. no. 195813 and Jenkins, reg. no. 803590.

<sup>16</sup> This is one of the larger reinforcement events in the Battalion up to this time. The move to replenish the battalions was in response to the work toward the attack on Vimy Ridge in early March, 1917.

<sup>17</sup> This is the first instance of the use of the word "shelters" in reference to a location. Its meaning has not been determined.

Bdge Support	27		Battalion in Brigade support. During night of 27/28 <sup>th</sup> severe artillery bombardment <sup>18</sup> on both sides. 2 o.r.s wounded. 2 o.r.s returned from hospital.

---

<sup>18</sup> The use of the word "severe" to describe any action is unusual so it indicates a particularly powerful bombardment.

<sup>32</sup> Preparations being made for the attack on Vimy Ridge in April, 1917.

Confidential War Diary Of 18<sup>th</sup> Canadian Battalion, 2<sup>nd</sup> Division. From 1<sup>st</sup> April to 30<sup>th</sup> April 1917.  
Volume 20.

Place	Date	Hour	Summary of Events and Information
Bois-des-Alleux	1	8 am	Battalion billeted in huts Bois-des-Alleux near Mont-St-Eloy.  Battalion marched to training ground near <a href="#">Estree Cauchie</a> , where exact taped replica of enemy frontage to be attacked, laid out. Four other ranks admitted to Hospital (Sick).
	2		A complete rehearsal of the contemplated attack was carried out by the 4 <sup>th</sup> Canadian Infantry Brigade over the taped area representing the German frontage. Fighting equipment worn by all ranks. Reorganization and consolidation practiced when objective reached. 15 O.R.'s attached to <a href="#">the 4<sup>th</sup> Canadian Trench Mortar Battery</a> as carrying part for offensive.
	3		Company and Platoon inspection of ammunition and equipment. Extra water-bottles were issued to each man for reserve supply of water.
	4		Battalion Pay-parades. Two Platoons "D" Company relieved 2 Platoons of 31 <sup>st</sup> Canadian Bn., for the purpose of digging "jumping off" trenches in front of our own line and cutting lanes in our wire, ready for the Battalion's advance. <sup>33</sup> These Platoons were under the Command of Lieut's W.K. Rooney and J.M. Fisher and the fact that these two difficult operations were carried out successfully without the slightest casualty reflects the highest credit upon all concerned. Major L.E. JONES rejoined Battalion today from Senior Officers' Course in England.
	5		Battalion training and inspections. Completion of Pay-parade. Lieut. W.T. Bartlett admitted to hospital (sick). 2 O.R.s returned from hospital.

<sup>33</sup> See blog post "[The Stress of Combat: Captain Lloyd at Vimy Ridge](#)" for an article relating to the impact this task had to the men who were engaged in doing this arduous task.

	6		Final training of Battalion in attack over taped area. During the night of 6 <sup>th</sup> /7 <sup>th</sup> Lieut's. Rooney and J.M. Fisher with small party made careful reconnaissance of "Jumping-off" trenches and wire, the preparation of which, for the attack, was almost complete. This party reconnoitered under heavy rifle and M.G. fire s they were observed owing to the bright Moonlight, but no casualties occurred. This inspection was necessary as before Companies could assemble on their respective formations an absolute assurance that the work was complete, had to be rendered. The Commanding Officer, Lt-Col. G.F. Morrison, and Battalion Scout Officer Lieut. V.M. Eastwood, made personal reconnaissance of enemy front from O.P.s, and reported that both lines of enemy wire were sufficiently cut, as to offer little obstacle.
	7		Battalion resting. 6 O.R.'s admitted to hospital (Sick). 5 O.R.'s Casuals rejoined.

Battalion commenced to move to its battle position on frontage A.10.b.2.7. to A.10.b.1.1. with Battalion H.Q. located at ZIVY CAVE. The battalion, comprising 12 Platoons, approximately 600 strong, moved into the line by Platoons at 100 yds interval. Bombs and shovels were picked up en route, and despite the fact that the enemy heavily shelled all routes and [C.T.s] <sup>34</sup> all the night, the assembly was completed without a casualty. 		<p>opposition was met with whilst capturing the first line system of trenches. The enemy barraged “No-man’s-land” for about 15 minutes, after which his Artillery fire became very indiscriminate. The support line was captured without any difficulty and the Battalion Objective (black), a line of trench from A.11.1.70.31/2. To A.11.45.75., finally reached. At 6.05 a.m. a message was received at Bn. H.Q. saying that the Black Objective had been captured and was in the act of being consolidated.</p> <p>The casualties up to this point had been very slight, considering the magnitude of the operations. <a href="#">Major C.C. Gwyn</a>, on of the most popular and efficient of Officers was killed by a M.G. bullet, about 100 yards from the objective and <a href="#">Lieut. W.J. McLean</a> was also killed while leading his men across “No-man’s-land”. After the death of Major Gwyn, <a href="#">Lieut. P. Jerdan</a><sup>36</sup> assumed Command of “B” Company, and did splendid work in consolidation and reorganization, as also did <a href="#">Lieut. D.A.G. Parsons</a><sup>37</sup> who Commanded “A” Company.</p> <p>An act of conspicuous gallantry<sup>38</sup> performed by Sergt. E.E. Sifton of “C” Company. A M.G. was holding up his Company and doing considerable damage. Sergt. Sifton, single-handed, attacked the Gun crew and bayoneted every man, but was unhappily shot by a dying Boche.</p> <p>At 10.50 a.m. a message was received from <a href="#">Major W.J. Gander</a>, now senior Officer of the line reporting</p>

<sup>36</sup> Lt. Jerdan was to earn the Military Cross for this action: For conspicuous gallantry and devotion to duty. He assumed command of the company, and led them with great coolness and initiative. He single-handed bombed a rifle grenade battery which was holding up one of the platoons, and forced them to surrender. Source: Supplement to the Edinburgh Gazette, July 1917, page 1429.

<sup>37</sup> Lt. D.A.G. Parsons was to earn the Military Cross for this action: For conspicuous gallantry and devotion to duty. He led it company with great courage and success. His splendid example in the face of stubborn resistance largely assisted in the capture of the objective. The London Gazette Publication date:17 July 1917 Supplement: 30188 Page: 7258.

		<p>that the consolidation of the objective and reorganization of the Battalion was complete. Telephone communication from the Report Center, which was established in the PELSENKELLER WEG, to Bn. H.Q. and Brigade, was successfully maintained throughout. A tunnel with a 4' gallery was dug beforehand, with an exit in the PHILIP CRATER, within 20 yards of the German front line, and telephone lines laid to this point before Zero [hour].</p> <p>Lieut's <a href="#">W.H. Lewis</a> and V.M. Eastwood secured much valuable information, and established an advanced Bn. H.Q.'s at A.10.b.85.35.</p> <p>Major K.H. <a href="#">McCrimmon</a> finally established Bn. H.Q.;s at A.11.d.1.8. and performed most efficient work in handling all information and superintending the process of reorganization.</p> <p>Several large straw-stacks were discovered just ahead of the Black Objective and were found to have been the means of hiding concrete M.G. emplacements. The night of 9/10<sup>th</sup> being spent in the Black Objective and funk-holes being the only shelter, the straw was a great help to the men in making their shelters comfortable. The approximate casualties for the whole operation were:- 2 Offices killed (already mentioned). Lieuts. <a href="#">W.G. Worth</a>, <a href="#">S.C. Kirkland</a>, <a href="#">C.E. 		difficult and very complicated owing to the nature of Divisional boundary, <sup>41</sup> and being made at night the finding of the map locations and the placing of the men in new positions was no light task for the Officers concerned. On completion of this relief the disposition of the Battalion was "A", "B" and 1 Platoon of "C" Coy in front line, "D" Coy and the remaining 2 platoons of ["C"] in support. The frontage being from B1.d.f.2 to S.30.d.4.5. Bn. H.Q. being located at A.6.c.8.8.
	11	Position of Battalion as shown yesterday. This prove to be a very difficult and trying tour, the enemy constantly shelling our defences and putting up frequent barrages. The position being a very commanding one the enemy did not attempt a counter-attack although we found it necessary several times to call for retaliation <sup>42</sup> , with was always promptly given and satisfactory.
	12	At dusk an Internal relief was completed, disposition of Battalion being 2 Platoons of "C" coy, and all of "D" coy in front line, and remaining 7 platoons in support. This considerably weakened our front line garrison but was approved by the G.O.C. 4 <sup>th</sup> Brigade owing to our commanding position. <sup>43</sup> During the night, Patrols under Lieut. Eastwood covered our frontage no enemy being seen or encountered.
	13	Strong daylight patrols from H.Q. and Coy scouts pushed out and [succeeded] in penetrating beyond railway track (LENS/ARRAS Rly.) no enemy were encountered and our observers reported parties of Germans seen retiring along the roads between VIMY AND WILLERVAL. Parties disappeared from view at MONT FORET Quarries. Parties did not appear to be evacuating villages and were seen to be digging in, in front of ACHERVILLE. These facts were immediately reported to Brigade H.Q. and we were

<sup>41</sup> The 18<sup>th</sup> Battalion was the right flanking battalion of the 4<sup>th</sup> Canadian Infantry Brigade and its right side abutted the boundary of the 3<sup>rd</sup> Canadian Infantry Brigade. The left flank of the 16<sup>th</sup> Battalion of the 3<sup>rd</sup> Cdn. Inf. Bde was beside the 18<sup>th</sup> Battalion. During the attack the Brigades would want to keep their unit cohesion and not "step" into the boundaries of their neighbouring Brigades.

<sup>43</sup> In addition to the G.O.C. (General Officer Commanding) 4<sup>th</sup> Cdn. Inf. Bde. the G.O.C. of the 2<sup>nd</sup> Division visited the forward area on this date [and the tone of the 4<sup>th</sup>. Cdn. Inf. Bde. War Diary](#) is one of confidence.

	Night 13/14		During the night 18 <sup>th</sup> Battalion was relieved in the line by the 24 <sup>th</sup> Canadian Battalion and moved back to Divisional reserve in old German trench, ZWISCHEN STELLUNG (A.5.a.6.E.)
	14		At daylight Battalion was moved to Rest billets at BOIS-DES-ALLEUX. Lieuts. <a href="#">H.W. Smith</a> and <a href="#">A.E. Cock</a> <sup>44</sup> joined the Battalion as reinforcements.
	15		Battalion resting. Church service and Muster Parade. 22 o.rs. rejoined from Divisional Training coy.
	16	9 a.m.	Battalion moved into Divisional reserve relieving the 25 <sup>th</sup> Canadian Battalion in PATMESLEY TUNNEL (A.4.c.2.7.) Iron rations were issued at 8 a.m. and coy cooks detailed to take in their Dixies <sup>45</sup> with them. Bombs to complete required number were picked up en route. Completion of this relief was notified to Bn. H.Q. by numbers as follows, - "A" coy No [4] "B" No 5 "C" No 6 and "D" 7. Lieut. <a href="#">D.R. MacDonald</a> arrived as a reinforcement.
	17		Position as stated yesterday. Nothing unusual occurred. Enemy shelling back areas. 48 o.rs. arrived as reinforcements.
	18		Position same. 12 o.rs. returned to Battalion from T.M.By. carrying party. <sup>46</sup>
	19		Position same. Lt.Col. G.F. Morrison admitted to hospital (sick) 8 o.rs. admitted to hospital (sick).
	20		Position unchanged. At this time in conjunction with advance made all the Battalion Transport were moved forward. 18 <sup>th</sup> Bn. Transport being located at 8.a.3.3. (Map Roclincourt 51b N.W.1)

<sup>44</sup> There is some confusion from the Soldiers' Pages in the blog as to the actual dates of these two officers arrival to the Battalion. They are listed here as being reinforcements but the War Diary seems to indicate that they joined the Battalion earlier. Smith is notated as being mentioned in the War Diary [September 1916 being wounded](#) and Cock is noted as being taken on strength August 1916 and is later mentioned in [October 1916](#).

	21		Battalion relieved 31 <sup>st</sup> Canadian Bn. in Brigade reserve at CRAMER HAUS. Nothing unusual occurred. Enemy still shelling back areas but doing little damage.
	22		Position as show yesterday. Lieut. W.K. Rooney (wounded) rejoined from hospital. 5 o.rs admitted to hospital (sick).
	23		Position same. Nothing unusual to report. Battalion Transport had to move back owing to enemy shelling, and now being located at 8.c.3.2.

	7		During the day enemy heavily shelled our front and support lines. 5 O.R's being Killed <sup>47</sup> and 13 Wounded. During the night the enemy maintained a continuous bombardment of gas shells on the Railway Line so that our ration parties were unable to get through until early in the morning and owing to daylight coming the rations could not be taken past the Reserve Line.
	8		Early in the morning enemy made a counter-attack against FRESNOY which had been taken by the 1 <sup>st</sup> Canadian Division on the 3 <sup>rd</sup> instant. The Gloucester Regiment, the left Battalion of Division on our right, on whom the brunt of the attack fell were driven back to a line just east of ARLEUX, running through T.30.c and B.6.a and c., and were unable to regain their position. Hence our right Battalion, the 19 <sup>th</sup> Canadians, were forced to withdraw from the advanced position in front of FRESNOY at noon to a position running through T.24.c. and T.30.a. connoting with the Gloucesters at T.30.a.7.4. During this attack our three lines were subjected to heavy artillery fire. During the morning the 4 <sup>th</sup> C.I.B. had lost all touch with the 19 <sup>th</sup> Battalion and asked us to send a Runner to the 19 <sup>th</sup> Headquarters in the ARLEUX LOOP for situation report. Cpl. Randall of the Battalion Scouts succeeded in reaching the 19 <sup>th</sup> Headquarters and returned the necessary information which was at once forwarded to Brigade. To accomplish this task Cpl. Randall <sup>48</sup> had to pass through heavily shelled areas and for this was awarded the Military Medal. A second trip was made for the same purpose by Lieut. Eastwood. <sup>49</sup>
	8 <sup>th</sup> /9 <sup>th</sup>	Night	An Inter-Company relief was completed. "A" and "B" Companies in the front line. "C" Company in Support and "D" Company in Reserve.

<sup>47</sup> The CWGC database shows that four soldiers of the 18<sup>th</sup> Battalion perished that day.

<sup>48</sup> As of the date of this document, this soldier has not been found at the LAC.

<sup>49</sup> From this entry and the previous one on the night of April 5/6 one can assume that Lieutenant Eastwood was head of scouts. It is also notable that when Corporal Randall returned the officer in command went instead of assigning this risky task to a non-commissioned soldier.

	9		Before day-break <a href="#">Lieut. J. McAmmond</a> , who was in command of our right Platoon, under great difficulties established communications with the 19 <sup>th</sup> Battalion, both through advance Posts in T.24.c. and along Winnipeg Road (T.23.d.) During a break in communication a Pigeon Message was sent to Brigade Headquarters. [53730 L/Sgt. Sifton E.W.](#) (Killed in Action 9.4.17) Awarded VICTORIA CROSS. "For most conspicuous bravery and devotion to duty. During the attack in enemy trenches Sgt. Sifton's company was held up by machine gun fire which inflicted many casualties. Having located the gun he charged it single-handed, killing all the crew. A small enemy party advanced down the trench, but he succeeded in keeping these off till our men had gained the position. He was killed just as he returned with the second man. In carrying out this gallant act he was killed, but his conspicuous valour undoubtedly saved many lives and contributed largely to the success of the operation."

<sup>61</sup> Correct place-name spelling is Camblain-l'Abbé.

<sup>62</sup> Private Laird died at the Devereux Mansion Hospital in Marblehead, Massachusetts on April 8<sup>th</sup>, 1920 from a combination of endocarditis, aortic insufficiency, and mitral insufficiency. The death certificate indicates that a contributory factor was arthritis experienced over 3 years and that this disease was contracted in France.

<sup>63</sup> Headquarters details probably refers to signallers, runners, and administrative non-commissioned officers and other ranks.

<sup>64</sup> There is a discrepancy between the 18<sup>th</sup> and the 4<sup>th</sup> C.I.B. war diaries. The 4<sup>th</sup> C.I.B. diary relates that at 12.45 p.m.: "Hostile shelling of BOUVIGNY HUTS with 5.9 [inch] shells. First shell to arrive hit men's hut causing casualties to the extent of 5 Killed, 37 wounded." From research, it appears that four soldiers are confirmed killed by the shelling with a possible five soldier deaths possibly related to this event. This would indicate the 18<sup>th</sup> Battalion's War Diary is correct and the discrepancies between the diaries is unknown.

	21		Quiet day. Our light Howitzers concentrated on suspected T.M. emplacements and good results obtained. During the night of 21/22 enemy Trench Mortars less active owing to retaliation by our heavies [heavy artillery] immediately hostile T.Ms commenced firing.

<sup>65</sup> The CWGC and service records indicated that Lt. Jarvis died July 20, 1917. Pte. A.A. McLeod, reg. no. 158645, was killed in action with no specific cause give. On the July 20, 1917, the casualties, including Lt. Jarvis amounted to four men in totally. Perhaps the War Diary was counting two men form men from the night of July 19/20 and the day of July 20?

<sup>66</sup> Lt. Dougal was to rise from the ranks from Private to Lieutenant. He earned the Military Cross, Medaille Militaire (France) and died at the age of 19 on August 19, 1917, just one month after this diary entry.

Outposts Line	14		<p>Enemy artillery showed no unusual activity during to-day. 20 o.rs arrived as reinforcements. 6 o.rs attached to 4<sup>th</sup> T.M. By.</p>
Night of	14/15		<p>"C" and "D" Coys moved into their assembly positions along the outpost line. "A" &amp; "B" Coys came into support. "A" coy with one platoon at N.7.c.1.4. and two platoons at approximately M.12.b.3.0.</p> <p>At 4.25 a.m. the 18<sup>th</sup> Battalion in conjunction with other Units of the 1<sup>st</sup>, and 2<sup>nd</sup> Canadian Divisions attacked the enemy lines from N.13.a.9.6. to N.7.70.15. the object being to capture and consolidate the enemy support line (CHICORY TRENCH) from N.14.a.05.55. to N.13.b.60.0. thence Westerly to N.13.b.05.35. The attack was</p>

<sup>68</sup> Lieutenant William Hampton was an original member of the 18<sup>th</sup> Battalion, attesting at Galt [now Cambridge], Ontario on October 25, 1914 with a regimental number of 53923. He was promoted through the ranks to Corporal and then assigned to officers training at Bexhill.

		<p>entirely successful and 26 minutes after zero hour (4.25 a.m.) we occupied our objectives, capturing some 65 prisoners (165 P.I.R.).</p> <p>Lieuts. <a href="#">C.H. Biscoe</a> and <a href="#">L.A. Bissell</a> being wounded just as we reached the enemy front lines.</p> <p>On the right by arrangement with the 21<sup>st</sup> Canadian Battalion we held CHICORY TRENCH up to N.14.c.15.65. and on the left pushed our posts forward to N.13.b.0.15. and controlled the railway cutting. Consolidation was rapidly proceeded with. At. 2.30 p.m. the enemy made a very strong bombing attack on the left of our Battalion and the right of the 21<sup>st</sup> Battalion and succeeded in entering a portion of our newly won trenches. During this enemy counter attack <a href="#">Lieut. A.A. McLean</a> was killed. He had gathered a few men together and was leading up the LENS-BETHUNE road to give what assistance he could and was shot by an enemy sniper and instantly killed.</p>
	15	<p>As soon as the attack had gone forward, Lieut. T.R. Dougall and some men of the Scout Section started forward to make a reconnaissance patrol and to exploit success, they were held up for an hour by an enemy plane firing on them from immediately overhead. When the patrol reached the captured enemy position, it went forward approximately 300 yds from our newly won position.</p> <p>Lieut. DOUGALL returned with some valuable information as to the enemy position and defences, as well as a complete Minewerfer [minenwerfer] crew of 20 men as prisoners.</p> <p>Three platoons of the support Coys were sent up to reinforce "D" Coy. <a href="#">Lieut. J.M. Fisher</a> with great</p>

		<p>judgement and coolness, prepared his counter attack in conjunction with the 21<sup>st</sup> Battalion.</p> <p>The counter attack was launched at 5 p.m. with the assistance of the artillery and the lost trenches were easily regained. 10 prisoners were captured.</p> <p><a href="#">A/Capt. M. Dunsford.</a></p> <p>This officer very gallantly led his men to the attack, and, although severely wounded shortly after entering the enemy front line trenches, he continued to encourage his men by his personal example. By his intimate knowledge of the situation he was able, although incapacitated himself, to direct his men until the objective was reached, refusing to be carried out until the more serious cases had been evacuated.</p> <p><a href="#">Lieut. G.G. Brachin [Brackin]</a> arrived as reinforcement.</p>
Night of	15 <sup>th</sup>	<p>Upon Captain Dunsford being wounded, <a href="#">Lieut. H.B. Johnson</a> took over command of the company. At night there were not attacks or counter-attacks, but enemy artillery was exceptionally heavy on all parts of our sector.</p>
	16	<p>About noon <a href="#">Lieut. Dougall</a>, <a href="#">L.Sgt. C.E. Routley</a> and 19 o.rs crossed the railway cutting at N.13.b.2.2 and went forward along COTTON TRENCH to N.13.b.5.0 where there were fired upon from ALOOF TRENCH and they could see that ALOOF trench was heavily held by the enemy. Turning about they went Westward along COTTON trench to N.13.c.70.95 where they again encountered an enemy party from the South, turning about again they found that an enemy party from ALOOF</p>

			<p>trench had followed them and they were practically surrounded.</p> <p>Lieut. Dougall then sent up his artillery signals and under cover of this fire succeeded in returning to our lines with only one casualty. There was no unusual activity during the remainder of the day.</p>
Evening	16 <sup>th</sup>		<p>The 18<sup>th</sup> Battalion was ordered to attack the enemy trenches between the LENS-GRENAY Railway and LENS-ST PIERRE Railway in conjunction with the 4<sup>th</sup> Canadian Division, the Objective being ALOOF TRENCH and thence to connect this trench to CHICORY TRENCH on the left. Two platoons of "A" coy were detailed for this attack, with one platoon of "B" coy in support, as this part of the front had not been reconnoitered except by Lieut. Dougall, a reconnoitering patrol consisting of Lieuts. Dougall, <a href="#">MacDonald</a>, and <a href="#">Sloan</a>, and 4 N.C.Os, where sent out to gain knowledge of Jumping Off point. They covered all the ground necessary.</p> <p>On their way back a bomb was thrown into the party which killed Lieut. MacDonald and wounded Lieut. Sloan<sup>69</sup>.</p> <p>On Lieut. Dougall's report regarding the conditions of the ground it was decided to vary the attack, to push across the Railway cutting from the trenches at N.12.b.0.15 and N.13.b.2.2 immediately [after] the artillery barrage lifted.</p>

<sup>69</sup> The death of Lieutenant MacDonald and the wounding of Lieutenant Sloan was due to friendly action. A soldier of "C" Company threw a grenade which resulted in this. This appears to be the first document case of friendly fire in the War Diary's documentation. 			The later plan was sanctioned by the Brigade, Zero hour was set for 4.35 a.m.
	17		<p>In the early hours of the morning the assaulting platoons were taken forward and it was while giving assistance to the Officers in the placing of their men, Lieut. DOUGALL was mortally wounded by an enemy 5.9 shell. However the attack went forward at the proper time, and occupied COTTON TRENCH from N.13.c.95.90 – N.13.central and N.13.b.4.1 but owing to heavy shell fire and the withdrawal of troops on our right, a certain amount of disorganization followed.</p> <p>At 5 a.m. <a href="#">Capt. J.S. Bell</a>, Adjt, went forward and succeeded in re-organizing the parties and established posts at N.13.c.85.80 – N.13.c.95.90 – N.13.central and N.13.b.4.1. and AMULET TRENCH was found to be untenable.</p> <p>He sent up further supplies of bombs and left Capt. D.A.G. PARSONS in charge. The position was completely secured by 7.30 a.m.. While this operation was in progress, Lieut. W.H. Fenton and a small party went out of our post at N.13.b.60.35 and entered the Railway cutting and searched the houses in the vicinity in the front of our lines. He found that the enemy were working very diligently and building ALOOF TRENCH to the left, to connect with CINNIBAR TRENCH. This was reported to the artillery, who took action.</p> <p>During the day enemy artillery kept up its usual fire on our trenches. From 2 to 4 p.m. our forward posts reported the enemy assembling in houses on either side of the LENS-BETHUNE road from N.13.b.9.2 to Crossroads N.14.c.4.8 and in CHICORY trench.</p>

			<p>This was reported to our Artillery who took very effective action. At 4.00 p.m. a small part of the enemy estimated at 15 men, attempted to raid our posts at N.13.b.65.40 but were driven off without casualties to us. The remainder of the day and evening was fairly quiet. <a href="#">Lieut. H.E.F. Ralph</a> admitted to hospital, sick.</p>
	18		<p>At 12.00 midnight 17<sup>th</sup>-18<sup>th</sup>, a heavy enemy barrage opened on the whole Brigade front. Our Artillery replied immediately to an S.O.S. call from our left. No enemy attack was delivered on our front, although some grenades were thrown.</p> <p>At 2.00 a.m. a similar occurrence happened. It is quite certain that the enemy intended to attack both of these times but his formations were broken up by our Artillery.</p> <p>At 4.15 a.m. the enemy again opened a heavy barrage on the whole brigade front and succeeded in pushing forward some men into the front trenches on the left of the Brigade, these being immediately ejected.</p> <p>No attack occurred on our immediate front. During the day, nothing of importance occurred beyond the usual desultory shelling.</p>
Night	18 <sup>th</sup> /19 <sup>th</sup>		<p>The 18<sup>th</sup> Battalion was relieved by the 50<sup>th</sup> Canadian Battalion taking over the frontage from the LENS-GRENAY Railway to the LENS-BETHUNE Road, and the 27<sup>th</sup> Canadian Battalion from LENS-BETHUNE Road to our left boundary.</p> <p>The relief was completed at 3.45 a.m. and the Battalion proceeded to billets at BULLY-GRENAY, the Brigade being in Divisional Reserve.</p>

			23 o.rs arrived as reinforcements, 8 o.rs returned from hospital.

<p>FRONT LINE</p> <p>Ref. Map 62.E.</p> <p>U.5.b.10.20 to U.5.c.00.35</p>	8		<p>In contrast to the clear evening previous, the morning of the 8<sup>th</sup> found a heavy fog in evidence, obstructing all view of the German line and proposed objective. Zero hour had been set to 4.20 a.m. An hour previous all Coys. had taken up their assault positions. Half an hour before the commencement of our bombardment, German artillery of heavy calibre laid down a light barrage on our position, particularly heavy fire being directed on the wood to the South-West of <a href="#">VILLERS-BRETTENEUX</a>. First impression was that our attack had been anticipated, but his shelling ceased just prior to the opening up of our guns.</p> <p>No preliminary bombardment was indulged in. At 4.30 sharp [our] barrage fell on the German Front line and the Battalion jumped off immediately.</p> <p>The disposition of the Companies was as follows:- "C" Coy. in 2 platoon frontage was responsible for the Right Flank and contact waves with the 1<sup>st</sup> Canadian Division; "B" Company in center on a 2 platoon frontage; "A" Company with similar frontage on the left connecting up with the 19<sup>th</sup> Cdn. Battalion; "D" Company in Support.</p> <p>The objective lay some 200 yards to the East of <a href="#">MARCELCAVE</a> and the quarry adjoining it.</p> <p>Operating under a magnificent barrage, and closely co-operating with the tanks, whose support to the infantry was one of the finest</p>

		<p>features of the day, the Battalion had [reached] the extreme limit of its objective at 7.45 a.m. Casualties where light, partly due to the fog barrier and the admirable manner in which are advance was conducted.</p> <p><a href="#">Lieut. Ferguson</a> was wounded in the jumping off. <a href="#">Captain Michell</a> was wounded in the first half mile of the advance along with <a href="#">Captain Wigle</a>; Lieut's <a href="#">Faulkner</a> and <a href="#">Sheridan</a> a short time later.</p> <p>Amongst the material captured at MARCELCAVE were five 5.9 Hows., and three 2.2 mm Guns, in addition to a great deal of signal equipment and valued Surgical and Medical Stores.</p> <p>The Battalion pushed on past the quarries and established a line of defence about 300 yards beyond. Throughout the [affair], considerable opposition was encountered, chief of which lay in the form of well secreted machine-gun nests. The work of Captain T.H.C. Rayward in disposing of some of this [formidable] opposition was very exemplary to all ranks.</p> <p>Casualties to the extent of approximately 30 killed and 120 wounded were sustained in the advance. 56 O.R's arrived as reinforcements. 2 O.R's proceeded on leave.</p>

	26		<p>At 3:00 a.m. following intense 5 min. barrage Bn. jumped off TILOY [sic] TRENCH in front of TELEGRAPH HILL in support of 21<sup>st</sup> Cdn. Bn. The artillery preparation was good. Owing to getting lost in the darkness, the tanks detailed to go over with the Bn. failed to turn up per schedule, so the Unit was without their assistance in the initial kick-off.</p> <p>MINORCA TRENCH, a difficult nut to crack, was set as the first objective, and SOUTHERN AVENUE TRENCH as the second objective. Both positions were won by 8.00 a.m. "D" Coy. holding the last named defence line in conjunction with the 21<sup>st</sup> Cdn. Bn. "A" Coy. remained in GORDON TRENCH, and "B" Coy at the first objective, MINORCA TRENCH.</p> <p>Up to this time the casualties had been far smaller than anticipated, although <a href="#">Lieut. At. 11 p.m. "A" Coy under the fine leadership of <a href="#">Lieut. Spence</a>, went forward, despite most stubborn opposition, and captured CALVARY TRENCH. Unfortunately, the achievement went for naught, as the Unit on their immediate left was held up and the Coy. at 3.00 a.m., 27<sup>th</sup>, after 4 hours of desperate fighting was compelled to withdraw temporarily to RAKE TRENCH. Approx. all ranks 10 killed &amp; 15 wounded. 1 O.R. ret. from leave &amp; 1 O.R. on leave. 2 O.Rs ret. from army rest camp.</p>

	25		<p>“A MERRY CHRISTMAS TO ALL’. Christmas Day dawned bright and clear, with just a touch of snow upon the ground, which gave the vicinity a very “Christmas-like” appearance.</p> <p>The members of the Battalion were in excellent spirit and thoroughly prepared for anything the day might bring forth. The Officers of the Battalion made every preparation for a fine Christmas Dinner and the men were awaiting it with very keen anticipation. At the appointed hour the tables in the different Company mess-rooms, especially selected for the day, were teeming with good things to eat, and they assuredly presented a most pleasant sight.</p> <p>“A” Company Mess-room was located in a large hall in the Northern section of the town. “C” Company enjoyed its dinner in a very picturesque theatre in the centre of the town, while “D” Company had theirs in one of the schools the town affords. “B” Company being on duty as Outpost Company, had arranged to have dinner in one of the schools in the <a href="#">village of Brohl</a>.</p> <p>Each of the mess-rooms was decorated in a most pleasant and “Christmas-like” style and tended to heighten the then very high spirit of the men. The tables were loaded with Apples, Oranges, Nuts, Ginger-ale, Cakes, etc. and from the serving tables in the rear came the most appetizing odours of Turkey, meats, vegetables, Christmas Plum Pudding and other items to be served as the dinner progressed.</p> <p>The men took their places at the tables in a very business-like manner, the different platoons being kept together, and then began what was their first Christmas dinner and also, in all probability their last one in German Territory.</p> <p>Lt.-Col. L.E. Jones and ad Staff Officers and the Officers of the different Companies were in attendance at each of the dinners of the Companies and during the progress of the dinner Lt.-Col. Jones made a <del>very clever little</del> <b>short [entered in pencil]</b> speech of good will, wishing the members of the</p>

			<p>Battalion a "Very Merry Christmas" and every prosperity for the coming year, which as he remarked would be the one year that would never be forgotten by any one present or by the world in its entirety, being the Anniversary year of the Ending of the War. He again complimented the members of the Battalion upon their share of the conflict and expressed himself as being more than pleased with their conduct in the past and present.</p> <p>At the close of his address the men express their appreciation of his remarks by rising and giving him three of the most hearty cheers and a "Tiger".</p> <p>At the close of the dinner the faces of the men showed, very glowingly, their entire satisfaction. Altogether the occasion was carried off in an excellent manner and it will be one that will never be forgotten by any of the members of this battalion.</p> <p>2 O.R.s on leave and 3 O.R.s returned.</p>
